- All seven statistical collections can now be set to be re-run by the client for a particular date or date range.

The screenshot shows a window titled "INTERFACE STATISTICS" with a close button in the top right corner. Below the title bar, there are two date selection fields: "Date From" and "Date Through". The "Date From" field contains "10 01 2016" and the "Date Through" field contains "10 23 2016". Both date fields are highlighted with a red box. To the right of these fields is a button labeled "Set for Re-Run" with a circular refresh icon. Below the date fields is a list of seven statistical categories, each with a checked checkbox:

- Daily Population
- Daily Counts - Intake
- Daily Counts - Released
- Daily Counts - Custom Client
- Daily Counts - Person Flag
- Daily Counts - Contract Billing
- Daily Counts - Housing Capacity
